

QA Level 3 Award in

Paediatric First Aid (QCF)

2 day course

Certificate valid for 3 years

– Meets Ofsted requirements
– Ofqual regulated

Be Prepared

Would you know what to do if a child in your care needed first aid?

Having the correct paediatric first aid provision is not only a statutory requirement for the majority of childcare providers, it is extremely important for the safety of children.

The **QA Level 3 Award in Paediatric First Aid (QCF)** qualification is ideal for those who work or intend to work in a childcare setting as it has been specifically designed to fulfil Ofsted's first aid requirements for early years teachers, nursery workers and childminders (as defined within the Statutory Framework for the Early Years Foundation Stage 2014 and within the Child Care Register guide).

Successful candidates will learn the roles and responsibilities of the paediatric first aider, and will be equipped with the necessary skills to administer safe and effective treatment when dealing with a range of paediatric first aid situations.

What's Covered?

- ⊕ The roles and responsibilities of a paediatric first aider
- ⊕ Assessing an emergency situation
- ⊕ Dealing with an unresponsive infant or child
